

Astro 7A Mid-Semester Evaluation
GSI: Jeffrey M. Silverman

Keep in mind that I'm doing this to make myself a better GSI, thus (hopefully) helping YOU better learn the material for the class. Both negative *and* positive comments can be helpful, and above all please be honest!

If you need more room, feel free to use the back of the page.

Rate the following aspects of the discussion section (1 being 'terrible', 5 being 'great') and comment on them (*i.e.* need more/less, useful/useless, annoying/awesomely cool):

Worksheets	1	2	3	4	5
Comments:					

Group work	1	2	3	4	5
Comments:					

Review of lecture material	1	2	3	4	5
Comments:					

Jeff's blackboard skills	1	2	3	4	5
Comments:					

Jeff's manner & overall tone of the section	1	2	3	4	5
Comments:					

Write (at least) one specific thing that you like or that is good about this section:

Write (at least) one specific thing that you DO NOT like or that is bad about this section:

What do I need to do more of in section:

What do I need to do less of in section:

If you come to TALC when I am running it, please comment on my performance there: (*i.e.* am I useful, do I help you understand the problems, do TALC and I seem to raise your homework grade, does it help in a productive/useful way):

Comment on the midterm (both negative AND positive):

Comment on the rest of the course (*i.e.* lectures, professor, homework assignments, *etc.*, but please bear in mind that I don't have much control, if any, over this stuff):

Give me and the discussion section an overall mid-semester grade:

- F + - D + - C + - B + - A +

Any additional comments:
